

COMMANDER'S COMMENTS

August 2019

I hope everybody is having a good summer and ready to get involved with the upcoming activities that promise to come quicker than expected. This month Laura and I will be attending the national convention in Simi Valley, California. Paula will also attend as she is part of the national staff. This should be interesting as I will meet the commanders of other units as well as the national staff. Speaking of activities, the August Meeting on the 17th, will be a combined MOWW/MOAA function at the Centennial Club at Ft. Bliss. Please contact David Thackston if you are interested in attending. Representative Escobar will be the guest speaker.

In September, we will be honoring our Octo/Nano members. On 5th, we will be conducting our annual Massing Of the Colors at the El Paso Community College Administration building on Viscount. As usual, that requires many members to do different things, so please read the website, newsletters, or better yet attend the staff meetings and luncheons to see how you can help.

The website will give you a full calendar of the rest of the activities for the coming fiscal year. Please attend and get involved.

JESUS BELTRAN, LTC, USAR (RTd)
